

A Message from the Energy Department

Dear Consumers Cooperative Energy Customer,

Consumers Cooperative will be mailing important propane information to customers in late June. This mailing will include propane safety information, including Duty to Warn materials, as well as propane contract information for the upcoming heating season. Please watch your mail for these materials and take a few minutes to review them when they arrive.

Watch your mailbox in late June

The upcoming propane mailing will include safety information, contract details, pricing options, and enrollment information for the next heating season.

Propane Programs Available

Consumers Cooperative offers several programs designed to help customers plan ahead, manage payments, and simplify deliveries:

Deposit Program A convenient way to prepare for seasonal propane needs.	Budget Plan Helps spread heating costs over time.
Booking Program Available for customers using more than 5,000 gallons.	Scheduled Delivery Program A helpful option for customers who prefer planned deliveries.
Cash Discount Available when payment is received within 7 days of delivery.	Minimum Delivery 250 gallons.

For additional information about these programs, please call 608-643-3301.

Summer Propane Services

Summer is a great time for family, friends, grilling, camping, and community events. Consumers Cooperative is here to help keep your summer plans running smoothly with convenient propane bottle fill and cylinder exchange options. Propane bottle fill service is available at:

Sauk City, Luck, Pepin, Hudson, Ellsworth, and Whitehall

All Consumers Cooperative convenience store locations also offer 20-pound propane cylinder exchange for grills, campers, and outdoor equipment.

Celebrating Wisconsin summer and dairy season

Cenex Automated Fuel Delivery Program

Consumers Cooperative offers the Cenex Automated Fuel Delivery Program for customers with bulk fuel tanks. Tank monitoring helps track fuel levels and automatically supports delivery routing when your tank gets low.

This program is a collaboration between Consumers Cooperative and our fuel supplier, CHS. Customers continue to receive local purchases, local billing support, and personalized service through Consumers Cooperative, while CHS helps manage fuel delivery.

No cost to join

Consumers Cooperative will supply, install, and service the monitors and controllers at no cost to you.

Proud to support Wisconsin agriculture

Program Options

Deferred Billing	Bill on Delivery	Contracted Fixed Pricing
Each month, the monitor estimates product used, and you are billed for that amount. Tanks must be monitored and an approved credit account must be on file.	Choose to be billed each time fuel is delivered. Pricing can be set at order creation or on the date of delivery. Available for monitored and non-monitored tanks.	Contract a fixed price for fuel. This option is available for both monitored and non-monitored tanks.

Thank you for choosing Consumers Cooperative for your energy needs. We appreciate your business and look forward to serving you throughout the summer and in the upcoming heating season.

Sincerely,

John Lombard

Energy Manager
