

Message from the GM/CEO

As summer continues, I want to take a moment to thank our members, customers, employees, and communities for the trust and support you continue to place in Consumers Cooperative.

As an energy cooperative, our purpose has always been about more than simply delivering products. We are here to provide dependable service, quality products, and practical solutions that help keep homes comfortable, farms productive, businesses operating, and families moving.

Across our convenience stores, fuel locations, propane operations, refined-fuel delivery, lubricants, and other energy services, our employees work every day to serve our customers safely and professionally. Their commitment, knowledge, and willingness to help are what make Consumers Cooperative special. I am proud of the work they do and grateful for the relationships they continue to build throughout the communities we serve.

The remainder of summer is an important time for many of our customers. Families are traveling, farmers are preparing for harvest, businesses remain busy, and homeowners are beginning to think ahead to the colder months.

Our teams are working hard to ensure that we are prepared to meet those needs with reliable products and responsive service.

As a cooperative, we understand that our success is closely connected to the success of our members and local communities. We remain committed to investing in our people, strengthening our operations, and finding better

ways to serve you. While products and technology continue to change, our focus remains the same: being a trusted local partner you can depend on.

Thank you for choosing Consumers Cooperative and for allowing us to serve you. We appreciate your business, your membership, and your continued support. On behalf of our entire team, I hope you and your family enjoy a safe and memorable remainder of the summer.

Sincerely,
Eric Cantwell, GM/CEO

Message from the Convenience Store Team

Summer is moving quickly, but there is still plenty of time to enjoy everything the season has to offer. Whether you are heading to the lake, traveling with family, working through a busy day, or simply making your regular commute, our convenience store teams are here to help keep you moving.

Throughout the rest of the summer, stop in for fuel, cold drinks, snacks, fresh food, and the friendly local service you expect from Consumers Cooperative. We appreciate every customer who chooses to support our stores, and we are proud to serve the communities where we live and work.

Consumers Cooperative – Evansville (9 John Lindemann Dr.)

NOW HIRING
HELP WANTED
HELP NEEDED

Consumers Cooperative currently has openings at many of the Convenience Store locations, including both Full-Time and Part-Time. Openings and online applications are at www.Cenex1.com under the Career tab or stop at your local store for an application. We offer competitive wages and flexible hours, as well as excellent benefits for Full-Time staff. Consider joining our team whether it's a shift or two a week or FT.

Our Evansville location is proud to serve the community with fuel, convenience store essentials, and the added convenience of an on-site McDonald's.

Whether you are fueling up, grabbing a cold drink or snack, or stopping for breakfast, lunch, or dinner, our Evansville location makes it easy to get what you need in one stop.

Throughout the rest of the summer, stop by while traveling, commuting, or enjoying time with family and friends. We appreciate the support of the Evansville community and are proud to provide a convenient and welcoming stop for local residents and visitors alike.

Consumers Cooperative – Prairie du Sac (1300 Prairie St.)

Our Prairie du Sac location is more than a convenient place to fuel up. It is also a great stop for fresh food, deli favorites, and quick meals throughout the day.

Whether you are heading to work, taking a lunch break, running errands, or traveling through the Sauk Prairie area, our foodservice and deli team is ready to help with convenient meal options, snacks, and refreshments. Stop in for something quick in the morning, an easy lunch, or a ready-to-go option for later in the day.

We are proud of the team behind our Prairie du Sac foodservice operation and appreciate the customers who continue to make us part of their daily routine. Throughout the rest of the summer, we invite you to stop in, see what is available, and enjoy the convenience of fresh food and friendly local service in one place.

From all of us at Consumers Cooperative, thank you for choosing our stores this summer. Please travel safely, enjoy the remaining weeks of warm

weather, and remember that our teams in Evansville, Prairie du Sac, and across Wisconsin are here when you need us.

Sincerely,
Brook Morris
Chief Retail Officer

Message from the Energy Department

As summer begins to wind down, our Energy Team is already preparing for the upcoming heating and harvest seasons.

Propane contracts have been mailed and are now available to our customers. Please review, sign, and return your completed contract to Consumers Cooperative by September 15. Returning your contract on time helps our team plan for the season and ensures your account is properly set up before cold weather arrives.

Customers who have questions about their propane contract, pricing options, payment programs, or expected usage are encouraged to contact our Energy Team. We are happy to review the available options and help you choose the program that best fits your needs.

For our agricultural customers, corn dryer contracts will be sent in late August. Please watch your mail and return the completed contract promptly so we can prepare for the harvest season and coordinate anticipated propane needs.

Planning ahead is one of the best ways to help avoid delays during periods of high demand. Customers should also make sure propane tanks and delivery areas remain accessible, especially as weather and field conditions begin to change.

Thank you for trusting Consumers Cooperative with your home, farm, and business energy needs. Our team is proud to provide dependable products, responsive service, and the local support our customers rely on throughout the year.

Sincerely,
John Lombard
Energy Manager

Consumers Cooperative Supports Our Fair Participants

It's Fair Season! With your cooperative now having locations and serving members in over a dozen counties, it is starting a new program in 2026 to help support the hard work of more of its members' children who are showing animals at their local or state fair. Starting this year, Consumers Cooperative will give \$50 for a large animal or \$15 for a small animal to each member's child who is eligible.

These pictures are just a few of the many who have participated so far in 2026. For details about the program, please visit the company website at www.Cenex1.com and click on the Giving Back tab. Then, click on the "Consumers Cooperative Fair Animal Rewards Program" link. Best of luck to all!

A Message from the Board of Directors

Last month, the board members and our GM/CEO worked through a prioritization exercise to identify the factors most critical to building upon the 99-year legacy of your cooperative. While elements such as equipment, facilities, products and patronage are all vital, one factor stood out above all others when compared against the rest: our PEOPLE.

With some of us having gone through similar strategic exercises in the past, this result came as no surprise. Your cooperative relies on more than 200 hard-working, dedicated employees who show up every single day. From early-morning and late-night shifts at our convenience stores, to delivering propane on freezing winter days, to taking your calls in the office, they are the backbone of everything we do.

Unfortunately, over the past few months, some staff at a few of our locations have been subjected to unwarranted and disrespectful behavior from a small number of customers. We hope we can all agree, there is no place for abusive or disrespectful behavior toward your cooperative's employees.

This team works tirelessly under challenging circumstances, and losing good, dedicated people in-part because of preventable, disrespectful conduct directly affects our ability to provide the level of service our patrons deserve.

As a member-owned cooperative, we take pride in how we treat one another. If you have a legitimate concern, complaint or issue with our operations, please do not take it out on the employees behind the counter, answering the phone, or otherwise unable to resolve it. Bring it to leadership. If needed, you can contact the Board by calling our main office at 608-643-3301 and leaving a message. One of the directors will call you back to discuss your concerns.

To the vast majority of our patrons who offer a warm smile and a kind word to our team each day: Thank you! We encourage everyone to take an extra moment to let the staff know they are appreciated. A little gratitude goes a long way and tends to brighten everyone's day, including those giving it.

Thank you for your continued support of the cooperative and the employee team!

The Board of Directors
